DR. NATALIE S. JOE

PHD, MPH (SHE/HER)
(DINÉ/NAVAJO NATION)
ASSISTANT PROFESSOR OF ONCOLOGY

"FROM RED VALLEY TO ROSWELL PARK: MY JOURNEY TO BECOMING AN INDIGENOUS CANCER RESEARCHER"

Dr. Natalie S. Joe (Dine'/Navajo Nation), PhD, MPH, will share her journey from Red Valley on the Navajo Nation to the National Cancer Institute (NCI) and Roswell Park Comprehensive Cancer Center. Dr. Joe received her BS in biology and chemistry at Fort Lewis College, a Native American-serving institution in SW Colorado. As an undergraduate, she took advantage of NIH and other summer research programs. In 2016, she enrolled in the Johns Hopkins University doctoral degree in cellular and molecular medicine. In 2023, she earned her MPH during a Cancer Prevention Fellowship at NCI. After completing her NCI fellowship in early 2026, she joined the Roswell Park Comprehensive Cancer Center in Buffalo, NY, as an Assistant Professor. She will speak about how she developed her love of science, how she managed barriers and what she offers as lessons learned to aspiring indigenous students.
